

# Xtend® Foot H100

## Technical Data Specification

Xtend Foot is a patented foot prosthesis which with its 17 degrees of flexibility functions almost like a natural foot. The defining feature of Xtend Foot is its superior lateral mobility, a secure compensation on uneven surfaces. A low center of gravity assures unrivaled stability. This is thanks to its unique mix of the adaptable and flexible glass fibre and the carbon fibre, a material known for its ability to create energy return.

### Weight

Lightweight construction.  
Ex: Size P426 = 399 grams / 0.88 lbs.

### Mounting

Universal pyramid adapter that fits all standard components on the market

### Water proof

Guaranteed in fresh-, pool- and salt water.

### Material

Glass fibre, carbon fibre and titanium.

### Flexible

17° lateral flexibility – comparable with a human foot.

### Warranty

Xtend Foot – 36 months.  
Foot shell – 6 months.

### Max weight patient

150 kg / 339 lbs (size category P7).

### One unit

Xtend Foot has no loose parts.

### In the box

Delivered with foot shell made of thermoplastic elastomer and spectra sock.
